USB-C All-in-One Travel Dock with 4K HDMI[®], VGA, Ethernet, USB, SD Card Reader and Power Delivery

Connect a USB-C enabled device for video, wired network connectivity, and data transfer while simultaneously charging a smartphone or tablet

OVERVIEW

The USB-C All-in-One Travel Dock is the perfect solution for increasing productivity while in the office or when traveling for business. This all-in-one docking station expands the connectivity of a USB-C or Thunderbolt™ 3 enabled laptop, tablet, or desktop computer, adding 4K HDMI and VGA video outputs, two USB 3.0 Type-A ports, one Gigabit Ethernet port, a SD and Micro SD card reader, and a USB Type-C port with power delivery.

No need to carry multiple adapters, just connect to this all-in-one docking station and display 4K HDMI audio/video or VGA video content, while delivering power to ensure that a USB-C equipped laptop, tablet or smartphone is fully charged. Transfer data with ease and speed, using the USB-C data port or the two USB 3.0 Type-A ports that are backward compatible with USB 2.0. Access photos or other multimedia content with the SD and Micro SD card reader. Also, the docking station is ideal for connecting to networks where Wi-Fi[®] is unavailable or for computers that do not provide a wired Ethernet port. Overall, this all-in-one docking station offers a light-weight, portable, and simple way to deliver video, transfer data, connect to a network and stay charged up.

Supporting resolutions up to 4K (3840x2160 at 30Hz), the HDMI connection allows this docking station to mirror or extend a high quality video image to the connected display. Deliver up to 100W of charging power to the connected device. The Ethernet port allows for reliable internet connectivity with file transfer speeds up to 1000Mbps, while the USB-C and the two USB 3.0 Type-A ports support 5Gbps data transmissions. The SD and Micro SD card reader supports SD, SDHC and SDXC up to 128GB.

FEATURES

- HDMI supports resolutions up to 4K (3840x2160 at 30Hz)
- HDCP 1.4 specification
- VGA supports resolutions up to 1920 x 1200 at 60Hz
- RJ45 Gigabit Ethernet port
- Two USB 3.0 ports
- Backwards compatible with USB 3.0 and USB 2.0
- SD and Micro SD card readers
- Power delivery to charge a laptop, tablet, or smartphone
- Compatible with 3.1 USB-C and Thunderbolt 3 ports
- Reversible, symmetrical USB-C connector
- Small form factor for portability

DATA SHEET

SPECIFICATIONS:

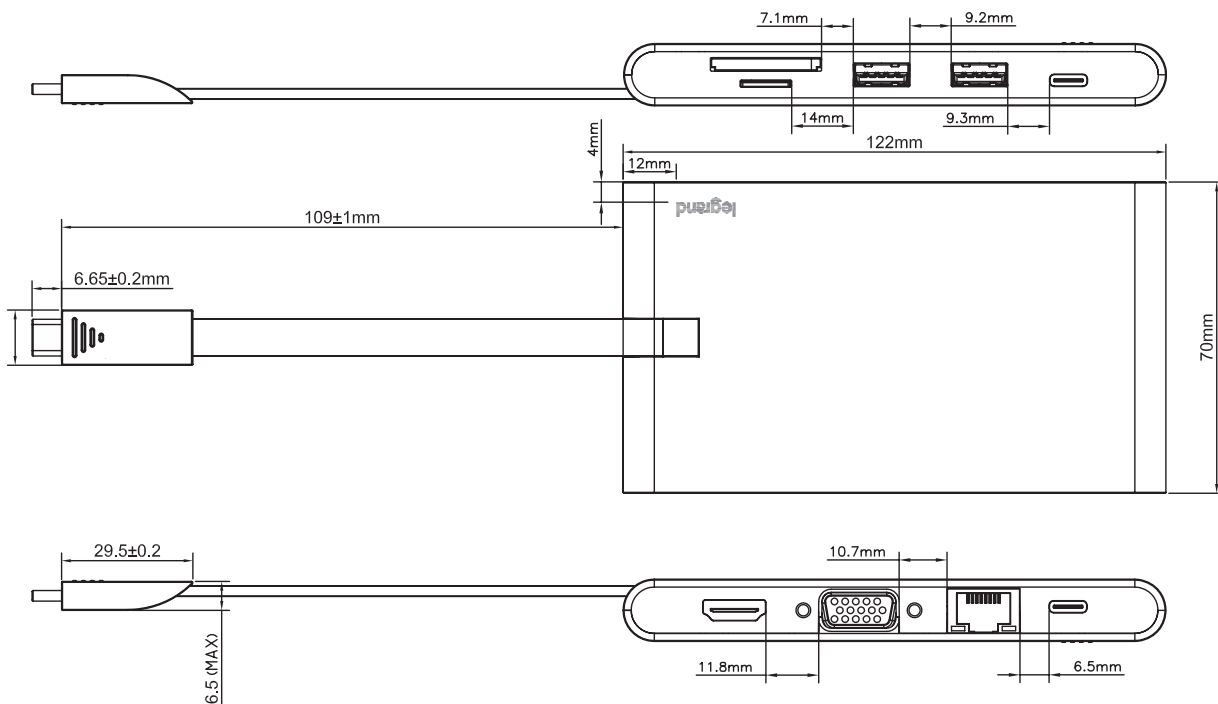

USB-C All-in-One Travel Dock with 4K HDMI, VGA, Ethernet, USB, SD Card Reader and Power Delivery

ELECTRICAL SPECIFICATIONS:

- HDMI Max Resolution: 3840x2160 at 30Hz
- Compliant with HDMI 1.4 specification and downward compatible with lower versions
- VGA Max Resolution: 1920x1200 at 60Hz
- SD & Micro SD Slot: Support SD/SDHC/SDXC (up to 128GB)
- Ethernet Support: 10/100/1000Mbps bandwidth
- Green LED: Connect signal(LAN Cable) display a green light
- Orange LED: Work status display a Orange light
- Type-C charging port support PD charging max 100W (20V/5A)
- Type-C data port and 2 USB-A ports support max 5Gpbs data transmission

PHYSICAL SPECIFICATIONS:

- Operating Temperature: 0°C~45°C
- Operating Humidity: 10% ~ 90% RH
- Storage Temperature: -10°C ~70°C
- Storage Humidity: 10% ~ 90% RH
