

# Microsoft Audio Dock

Fact Sheet  
October 2022

## **More ports, less clutter, amazing audio.**

Add connections, reduce cord clutter, and upgrade your audio for meetings, music, and more. This all-in-one speakerphone simplifies your desktop by connecting your laptop to two monitors and additional accessories, while charging it — all with a single plug.

## Top Features and Benefits

- **Expand your connections** with four different ports (HDMI, USB-C x2, USB-A) and a power pass-through to keep your PC fully charged all day.
- **Set up more screens.** Connect up to two monitors with HDMI and USB-C connections.
- **Be heard clearly during online meetings.** Enjoy exceptional voice capture and reduced background sound thanks to dual forward-facing, noise-reducing microphones.
- **Never hear ‘you’re on mute’ again.** Integrated mute control with status light ensures you don’t get caught talking to yourself.
- **Multi-dimensional, room-filling sound and deep bass for music and meetings.** Built-in Omnisonic® speakers deliver premium audio quality for any task during your day with the 15-watt woofer and 5-watt tweeters.
- **Compatible with the apps you use today.** Enjoy exceptional performance with online meeting and streaming apps.
- **Join the conversation when you’re ready.** Certified for Microsoft Teams, so you can quickly join a meeting and raise your hand to participate with the integrated Microsoft Teams button.

- **Easily control your listening experience** with built-in volume up/down and pause/play.
- **Certified for Microsoft Teams**, achieving high-quality voice and audio specifications and testing standards, with integrated app controls for an enhanced, reliable experience.
- **Compact hub design** sits neatly on your desktop and helps reduce clutter.
